3303 Hillview Ave.
Palo Alto, CA 94304
USA

(650) 846-1000
(650) 846-1081 (fax)

TRADEMARK GUIDELINES

TIBCO Software Inc.'s trademarks are used to distinguish the company and its products and services from other companies and their products and services. The public and TIBCO Software's customers have come to rely on the TIBCO name as synonymous with high-quality computer software and services.

This document contains guidelines for the proper use of TIBCO Software's trademarks. Trademarks may be cited as outlined herein to refer accurately to TIBCO Software's products and services. All other uses of TIBCO trademarks, including use of any TIBCO logos and design trademarks (as opposed to trademarks that consist solely of words) require TIBCO Software's prior written consent.

Trademark Notice

Trademark symbols (®, ™, or ℠) are used to indicate the status of a trademark. ® indicates that a trademark has been registered by the US Trademark Office and is a registered trademark or trademark in all other countries in which it is used, ™ indicates a trademark that is not registered and ℠ indicates a service mark that is not registered. Please check TIBCO's trademark list to ensure that the appropriate symbol is correctly applied in the appropriate location.

Proper Use

Trademarks are adjectives (product names), which modify nouns (the product type). A TIBCO trademark should be used as an adjective describing a product or service of TIBCO Software. TIBCO trademarks should not be used as a noun or verb or as a short hand way of identifying a product. Examples of usage:

Wrong: PortalBuilder provides our business with real-time content.

Correct: TIBCO PortalBuilder software provides our business with real-time content.

Wrong: We've created a great website by PortalBuilding our content.

Correct: We've created a great website by using TIBCO PortalBuilder software to manage our content.

Do not use TIBCO trademarks in a possessive or plural form.

Do not abbreviate, alter, edit, modify, or hyphenate TIBCO trademarks.

Make sure that use of a TIBCO trademark is distinct from other text, logos or images.

Do not use a TIBCO trademark:

In combination with any third party trademark or product name;

To identify a product or service that *is not* provided by TIBCO Software;

In any manner that expresses or implies TIBCO Software's endorsement, sponsorship, affiliation or certification of another company or its products and services; or

In a manner that is likely to cause confusion as to the origin of a product or service.

Referring to TIBCO Software Inc.

The "TIBCO" name is not only a trademark used to identify TIBCO products and services, it also serves as the company name. When using the "TIBCO" name as a reference to the company, "TIBCO" may be used as a noun or in the possessive form and no TM symbol is needed. In addition:

TIBCO is *always* written in capital letters.

On all first references, the company is to be referred to as "TIBCO Software Inc."

On subsequent references within a document, the company may be referred to as either TIBCO Software or TIBCO.

Use of Trademark Symbols

A trademark symbol must be used to indicate TIBCO's claimed trademarks and logos. The ® symbol must be used to indicate TIBCO's registered trademarks and the TM symbol must be used to indicate TIBCO's claimed trademarks. Please make the trademark symbol a superscript (® or TM) and position it immediately after the trademark to which it applies, e.g., TIBCO Hawk[®].

The ® or TM symbol is needed only the first time a trademark is referenced in a publication, e.g., newsletters, manuals, license agreements, press releases, etc.

Trademark Legends

The trademark legend is the legal text that identifies TIBCO's trademarks. The following legend should be included whenever a TIBCO trademark is used and should be in a location typically used for copyright and other legal notices. For example, the legend may be printed at the end of a document, on the front cover of documentation or on the bottom of a web page.

"TIB, TIBCO, TIBCO Software, TIBCO Adapter, Predictive Business, Information Bus, The Power of Now, < **LIST TIBCO PRODUCTS and PRODUCT LINES MENTIONED IN THIS DOC SET**> are either registered trademarks or trademarks of TIBCO Software Inc. in the United States and/or other countries."

Extensions to Product Names

We use a dash for all extensions to product names. For example: TIBCO Collaborative Information Manager - Product Edition and TIBCO Collaborative Information Manager - Vendor Edition.
